

## **ENVIRONMENTAL, OCCUPATIONAL HEALTH AND SAFETY POLICY**

S2 Surface Solutions is committed to providing healthy and safe working conditions at its premises and to continually improving its Environmental, Occupational Health and Safety (EOHS) management system across all activities, products and services. We are committed to:

- ▶ Provide and maintain a healthy and safe workplace by preventing work-related injury and ill health.
- ▶ Eliminate hazards and reduce occupational health and safety risks through proactive measures and the adoption of safe working practices.
- ▶ Use chemical substances responsibly and minimise their adverse impact on people and the environment.
- ▶ Protect the environment and prevent pollution by applying the principles of Reduce, Reuse and Recycle.
- ▶ Continually educate and improve the awareness of interested parties through consultation and participation of employees, workers and their representatives.
